

CASE STUDY

- **Project:** Process Heat rooftop solar thermal
- **Client/ Site:** J. Gosnell & Co., E. Sussex

John Gosnell & Co. Ltd – East Sussex

This long-established local business manufactures perfumes and toiletries at its production facility in Lewes, East Sussex.

They found us via our website, and we were approached by the building contractor working on their premises, to design a solar thermal system to feed hot water into their manufacturing process and reduce the cost of their gas-fired process.

We designed, supplied, and installed 15m² of LaZer2 solar thermal collectors, generating c. 11.25MWh-th

Based in East Sussex, Solar UK have been installing solar PV and solar thermal in the UK and Europe for 25 years. Solar UK manufactures, supplies, installs and maintains fully accredited, advanced solar systems specifically for the UK climate.

As well as being trusted suppliers and installers to both domestic and commercial customers, Solar UK is also one of the UK's leading solar research and development companies.
